

System Keystone Module

Keystone Modules

With the new Keystone System we offers you maximum use on minimum space with a big range of Patch and connection possibilities. The system is easy to integrable in a lot of applications with the 19" mounting frame, the top hat rail frames and the universal mounting frames for switch frames.

BNC

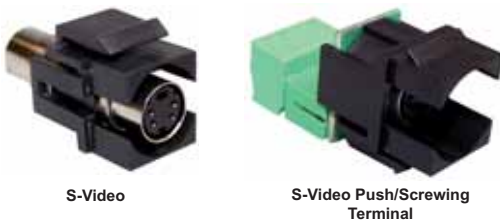

BNC Connector Keystone

- Female/Female Keystone
- Housing colours:
 - white
 - black
 - red
 - green
 - blue
 - yellow

Type	
BNC Connector female/female Keystone	white
BNC Connector female/female Keystone	black
BNC Connector female/female Keystone	red
BNC Connector female/female Keystone	green
BNC Connector female/female Keystone	blue
BNC Connector female/female Keystone	yellow

S-Video / S-Video Push/Screwing Terminal

S-Video Modul / S-Video Push/Screwing Terminal Keystone

- Female/Female Keystone
- Housing colour black

Type	
S-Video module female/female Keystone	black
S-Video push/screwing terminal female/female Keystone	black
S-Video cut/screwing terminal female/female Keystone	black

Stereo phone jack 3,5mm

Stereo phone jack 3,5mm Keystone

- Female/Female Keystone
- Housing colour black

Type	
Stereo phone jack 3,5mm female/female Keystone	black

Stereo phone 3,5mm Push/Srewing terminal

Stereo phone 3,5mm Push/Screwing terminal Keystone

- Female / Push/Screwing terminal
- Housing colour black, with labeling

Type	
Stereo phone 3,5mm push/screwing terminal Keystone	black

► Further modules on following sides!

F-Connector

F-Connector Keystone

- Female / Female
- Housing colour black

Type	
F-Connector Keystone, female/female	black

Antenna Module

Antenna Module Keystone

- Female / Female or Male / Male
- Housing colour black

Type	
Antenna module Keystone, female/female	black
Antenna module Keystone, male/male	black

Blank cover

Blank cover Module Keystone

- Housing colour black

Type	
Blank cover module Keystone	black

Speaker clamp

Speaker clamp Keystone

- Clamp / Solder connection
- max. acceptance 1,5m²
- Housing colour black
- Push button:
 - red
 - black

Type	
Speaker clamp Keystone	red
Speaker clamp Keystone	black

Screwing/Clamping Module

Screwing/Clamping Module Keystone

- 3pin
- Housing colour black, with labeling

Type	
Screwing/Clamping module Keystone	black

► Further modules on following sides!

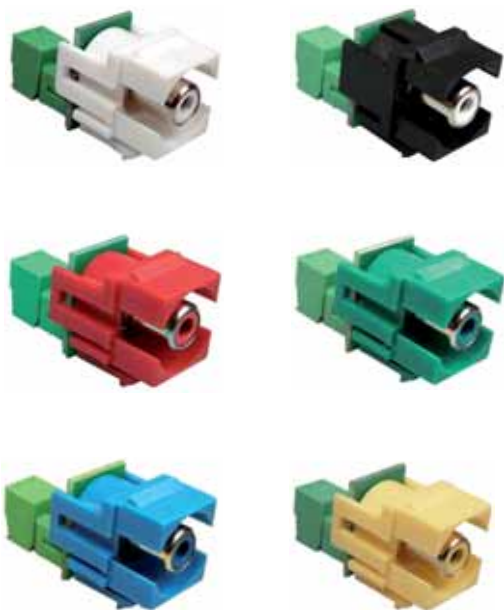

RCA (Cinch)

RCA (Cinch) Connector Keystone

- Female/Female Keystone
- Housing colours:
 - white
 - black
 - red
 - green
 - blue
 - yellow

Type	
RCA connector female/female Keystone	white
RCA connector female/female Keystone	black
RCA connector female/female Keystone	red
RCA connector female/female Keystone	green
RCA connector female/female Keystone	blue
RCA connector female/female Keystone	yellow

Cinch Connector Keystone

- Female/Push or Screwing terminal Keystone
- Housing colours:
 - white
 - black
 - red
 - green
 - blue
 - yellow

Type	
RCA connector female/push or screwing terminal, Keystone	white
RCA connector female/push or screwing terminal, Keystone	black
RCA connector female/push or screwing terminal, Keystone	red
RCA connector female/push or screwing terminal, Keystone	green
RCA connector female/push or screwing terminal, Keystone	blue
RCA connector female/push or screwing terminal, Keystone	yellow

► **Cutting/Clamping version projected!!!!**

► **Further modules on following sides!**

HDMI

HDMI Module Keystone

- Female / Female
- Housing colour black

Type	
HDMI Modul Keystone, Buchse/Buchse	schwarz

USB A

USB A Module Keystone

- Female A / Female A
- Housing colour black

Type	
USB A module Keystone, female A/female A	black

USB B

USB B Module Keystone

- Female B / Female B
- Housing colour black

Type	
USB B module Keystone, female B/female B	black

Firewire 6pin

Firewire 6pin Modul Keystone

- Female / Female
- Housing colour black

Type	
Firewire 6pin module Keystone	black

Firewire 4pin

Firewire 4pin Modul Keystone

- Female / Female
- Housing colour black

Type	
Firewire 4pin module Keystone	female

Toslink

Toslink Modul Keystone

- Female / Female
- Housing colour black

Type	
Toslink module Keystone	black

Basics

19" Mounting Frame Keystone for Keystone Modules

- 24 modules
- 1 HE
- Strain relief frame
- neutral

Top Hat Rail Frame Keystone, for 1 module

- Title block
- Clip for top hat rail
- Material: high-grade steel

Top Hat Rail Frame Keystone, for 2 modules

- Title block
- Clip for top hat rail
- Material: high-grade steel

Top Hat Rail Frame Keystone, for 5 modules

- Title block
- Clip for top hat rail
- Material: high-grade steel

Top Hat Rail Frame Keystone plastic, for 1 module

- Material: plastic
- Colour: grey

Universal mounting frame Keystone for switch frames, for 2 modules

- Cover frame 50 x 50
- Material: plastic
- Colour: white

Universal mounting frame Keystone for floor pod solutions

- Suitable for:
 - FLEX Ackermann GES9B/GB3
 - FLEX Electraplan GB3/GBR3
 - FLEX Electraplan GBV4
- Also black coloured available

KOMTECH FLEX mounting frame for different floor pod solutions:

- mounting without cup
 - use one Ackermann GES9B, Electraplan GBV4 or GBR3/GB3 cup slot in the respective floor pod
 - deep space for direct mounting of cables or feed throughs
 - place for modules with an overall width of
 - ▶ 7x Keystone **plus**
 - ▶ 8 TE (free mounting)
- (respective installation kit enclosed!!)*
